

17 March 2020

POSTPONEMENT OF ASSA 2020
48th Annual Conference of the Anatomical Society of Southern Africa, Durban, South Africa
19-22 April 2020

Dear Colleague/s

Due to the current global health crises, the ASSA 2020 organising committee has decided, in the best interest of all, to postpone the above congress and dates indicated above to **02-05 August, 2020**.

We apologise for the decision that has had to be taken but are pleased to inform you that despite this date change, all other planning and processes towards this event will continue as normal.

If you are no longer planning to attend, kindly inform the local organising committee and we will withdraw your abstract. Under the circumstances for this change, the organising committee has agreed to waive any penalties for withdrawal from attendance/participation if cancellation is confirmed before 31 March 2020. Those that have made bookings for accommodation and flights can liaise directly with the relevant service providers to explore waiving penalties for date changes or cancellations.

Modified registration timelines, etc. will be updated on the web-site in due time:

<https://www.dut.ac.za/assa-2020/>

Thank you and we look forward to seeing in Durban in August 2020.

Yours sincerely

Professor L Lazarus

Co- Chairperson of Local Organizing Committee
